

Trinity Presbyterian Preschool

Photo and Video Authorization

Photographs are taken throughout the year during field trips and classroom events. These pictures are used in classroom displays, parent gifts and video productions. We do not post children's pictures online with the exception of posting on the preschool website

A video camera may be used to tape the children at play or during special events in the classroom. These videos may be shown to others so that parents may see their child interacting at school.

All parents that wish to photograph their child during the school year (parties, field trips, holiday events, etc.) must sign the statement below stating that none of the pictures will be posted online. This policy is to ensure the privacy, safety and security of all the children that attend Trinity Preschool.

____ I give permission for Trinity Presbyterian Preschool faculty to video and photograph my child as he/she participates in activities at Trinity Preschool. I understand that none of these photographs will be posted on the internet.

____ I do not give permission for my child to be video-taped or photographed at Trinity Presbyterian Preschool.

I agree that any photo I take or that is taken by a friend or family member at Trinity Presbyterian Preschool will not be posted on the internet on any site including social media sites such as Facebook.
